St Francis Xavier School & Knights of Columbus Council 2596 Enjoy Critical Partnership

Over the past year, St. Francis Xavier School and the Knights have partnered to generate financial support and recruit dedicated volunteers to benefit both organizations. A perfect example of our successful partnership was visible during our collaboration to celebrate Catholic Schools Week.

During the week the Knights hosted the K of C National Free Throw Championship at Father Anglim Gymnasium, on the school campus. A record attendance of 38 students took part and six winners were announced in both boys and girl divisions for ages 9-14. Those students will now take their skills on to the regional level. Students in the 8th grade also participated in K of C essay contest writing about "The Importance of Religious Freedom."

On Sunday, January 31, 2016, we hosted a joint Pancake Breakfast where approximately 70 adults and children enjoyed a fresh breakfast and had an opportunity to speak with students, staff, and administrators about St. Francis Xavier and their Catholic education. It was a very informative event that created an opportunity for the Knights to raise may support for the school and other community needs.

We are committed to the continued growth and benefit of both organizations.

GOD BLESS - MAY PEACE BE WITH YOU
